Bridge: Liturgy of St. James (4th c.)
Verse:
Em
            C
There is no adequate way
G
          Dsus/F# D/F# Em
Not enough words for us to say
                              G
                                     D D/F#
How grateful we feel because of grace
Em
As we stand in awe of You
G
        Dsus/F# D/F#
                          Em
All of our words are frail and few
            C
What can we say or do
    G
but lift our voice in praise
                                    C/D
    Em
                   C
For God has come to save and deliver
    G/B
And we will all be changed
                          C/D
The promise is for now and forever, Amen
Chorus:
                Em
Hallelujah, hallelujah
             C/D G
Over and over we sing
                Em
Hallelujah, hallelujah
                     1. (Em C G Dsus/F# D/F# Em C G D D/F#)
              C/D
This is our song to the King
                      2. (Em D/F# Am7 Am7/B Em D/F# C2 D)
